

# Seaport Village

*A New Chapter Starts Now.*

The goal of this new chapter is to further immerse Seaport Village within the everyday lives of local residence and visitors alike by creating a destination that brings to life the San Diego waterfront. Beginning first quarter of 2019, up to \$2.2 million will be invested into Seaport Village.

Seaport Village is the link between San Diego Bay and the city's thriving downtown. A unique property with meandering walkways and beautiful plazas along with convenient parking and transportation stops, Seaport Village is a spectacular 14-acre waterfront shopping, dining, and entertainment complex that recreates a harborside setting. Seaport Village features one-of-a-kind shops, casual dining eateries, and fine dining waterfront restaurants.
